

Licensing for Schools and Practices

School and practice licenses are for a 3 or 5 year term, and include the 3 Professional Editions:

- Child Behavior Toolbox***
- Adolescent Behavior Toolbox***
- Autism Behavior Toolbox***

A school license gives all teachers and support staff unlimited 24 hour access to the Professional Editions.

When the two Family Editions are included in a license, access to those editions can be freely given to parents and family members:

- Family Behavior Toolbox***
- Autism Family Toolbox***

School size is determined by the number of students, with small being 250 or less and large more than 250. Practice size is determined by the number of partners. Small is less than 5 and large is 5 or more.

License Price List
